Sacramento, CA 958 12-3044

From (Applicant/Lead agency):
Orange County Sanitation District
10844 Ellis Avenue
Fountain Valley, CA 92708

Orange County Clerk Recorder
601 North Ross Street
Santa Ana, CA 92701-0238

Project Title: Knott - Miller Holder Artesia Branch Rehabilitation, Project 3-60

Project Applicant: Orange County Sanitation District, 10844 Ellis Ave. Fountain Valley, CA 92708

Project Location (specific): See attached map **Cross Street:** See attached map

Project Location - City: Costa Mesa and Santa Ana **Project Location — County:** Orange

Description of Project: This project will rehabilitate pipeline and manholes. This includes 3,700 linear feet of 18-to-45-inch diameter Reinforced Concrete Pipe and 43 sewer manholes ranging from 48-to-78 inches via Cured-in-Place-Pipe. In addition, it will include installation of two new 84-inch manholes and a new air jumper on Valley View St bridge over Fullerton Creek channel.

Name of Public Agency Approving Project: Orange County Sanitation District

Fountain Valley, CA 92708

Name of Person or Agency Carrying Out Project: Orange County Sanitation District
10844 Ellis Avenue
Fountain Valley, CA 92708

Exempt Status: (check one)

- Ministerial (Sec. 21080(b)(1); 15268);
 Declared Emergency (Sec. 21080(b)(3); 15269(a));
 Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
 Categorical Exemption. State type and section number: CEQA Guidelines Class 1 § 15301 and Class 3 § 15303
 Statutory Exemptions. State code number: _____

Reasons why project is exempt: The project is categorically exempt from CEQA under the Class 1 and Class 3 categorical exemptions set forth in California Code of Regulations sections 15301 and 15303. Section 15301 (Class 1) exempts from CEQA “the operation, repair, maintenance ... or minor alteration of existing public or private structures, [or] facilities ... involving negligible or no expansion of existing or former use,” including “(b) Existing facilities of both investor and publicly-owned utilities used to provide electric power, natural gas, sewerage, or other public utility services.” Section 15303 (Class 3) exempts from CEQA the “construction and location of limited numbers of new, small facilities or structures; ...” including “(d) Water main, sewage electrical, gas, and other utility extensions, including street improvements, of reasonable length to serve such construction.” The project is exempt because rehabilitation of the Trunk sewer and manholes are repairs, and construction of two new manholes and air jumper is a limited number of new structures all considered part of the Collection facilities and these project activities do not involve expansion of use of the Trunk sewer.
